**Memorandum of Understanding**

---

Between

**D AND B TECHNOLOGIES PRIVATE LIMITED**

And

**SRI BALAJI EDUCATIONAL SOCIETY**

This Memorandum of Understanding (MOU) dated 08/08/2021 sets for the terms and understanding between **D and B Technologies Pvt Ltd** and **SRI BALAJI EDUCATIONAL SOCIETY** to register campus details and student details on campus hiring platform

**Part of complimentary facilities/features from D and B Technologies Pvt Ltd :**

- Campuses can create and update their college profile
- Campuses can get discovered by prospective recruiters
- Profiles of Students which match the recruiters hiring criteria will receive the job details, after invite accept by training and placement office
- Campuses can track students who have applied to the opening and co-ordinate directly with recruiters to close the position
- Campuses can mark students placed

**How D and B Technologies Pvt Ltd works**

- Profiles of students whose details are provided by the Campus in the format as per Exhibit A shall be registered under the TPO (The Placement Officer of the Campus) username and password. The Profiles once uploaded and registered are made part of a searchable database which shall be available to prospective recruiters.
- This searchable database may be accessed by prospective recruiters based on their hiring criteria on the website and see number of campuses who have students available in a campus matching the required skill sets and hiring criteria
- In case a Recruiter finds a campus of interest, it sends an invite to the TPO
- TPO may accept or reject the invite
- On acceptance of an invite, the recruiter can see academic details of students and the details of the available vacancy can be sent out to students who match their requirements
- TPO is kept in loop in all communication in which the recruiter shares details of available vacancies with students who match this requirement and can co-ordinate with recruiter directly on the placement process for interested students
- Contact details of students are not visible to recruiters (unless a student applies to the job or the recruiter obtains these independent of this process)

## D AND B TECHNOLOGIES PRIVATE LIMITED
